Press Release

On July 1, 2010 the “Promoting the Rights of Children with Special Educational Needs” project funded by the World Bank Civil Society Fund was launched by the French Armenian Development Foundation in cooperation with the Department of Special Education of the RA Ministry of Education and Science. The project aims to create minimum standards for organizing special education and to update the model statute for special educational institutions (special schools), which has not been reviewed since 2002.

In the framework of the project, 18 focus groups and 2 roundtable discussions will be organized to develop the final package of minimum standards and model statute for special educational institutions. The package will be submitted to the RA Ministry of Education and Science for final validation.

Project duration: 6 months

Funding: World Bank Civil Society Fund, 9137 USD

Co funding: French Armenian Development Foundation, 5835 USD

For more information about the project, please contact:
